europeana

CC BY SA

Funded by the European Union

What was the goal?

1: Learn to use the Europeana APIs
2: Find interesting datasets to parse geographically
3: visualise these parsed datasets to show data 'on the move'

Amazonlegend, reproduktion, Teckning, drawing - Museum of World Culture, Sweden - Public Domain.
https://www.europeana.eu/item/91609/SMVK_VKM_fotografi_112062

What was our process?

1: Browse Europeana on the hunt for data, report back to the group
2: Decide which dataset(s) to use and how to visualise them
3: Have deep conversations about the shortcomings of the Europeana Data Model
4: Publish visualisations on Leaflet, storyboard more dataviz options, start analysing the provenance field

Wow!

Use this slide to highlight a number, a title, a name... This is the WOW! slide.
